Taylor's Version of "1989" Recaptures the Magic of the 2014 Pop Benchmark

"1989" has always been the Taylor Swift album I've gravitated toward the most. Fully realizing her pop prowess, this record is full of glamorous, bubbly bops and bangers that could even make the biggest Swift hater bob their head.

Sampha Returns with the Introspective and Tender "Lahai"

One of hip-hop's favorite elusive R&B crooners Sampha is back with his first album in 6 years. Dealing in themes of time, space and fatherhood, "Lahai" is a fruitful exploration in experimental soundscapes and Sampha's life up to this point.

Women's Soccer at Best Win Percentage Since 2010

By: Sophie Gibbs, Writer

Women's soccer is currently sitting at their best win percentage, overall and in conference, since 2010. Their overall record is 6-5-3, with a win percentage of 0.536. Last year, the team only won five games, and did not qualify for the postseason conference tournament. This year, their conference schedule yielded a 2-2-3 record for a 0.500 win percentage, and secured them a spot into the postseason tournament. They lead the College Conference of Illinois and Wisconsin (CCIW) in points overall per game. This includes goals and assists.
